

Competitive Paper Presentation Code

Reg No.	Code	Title
1124	PCC0001	Effects Of Pre-Surgical Nasoalveolar Molding On Nasolabial AestheticsIn Patients With Cleft Lip And Palate
362	PCC0002	Asymmetric Extractions in Orthodontics: A Strategic Approach
391	PCC0003	Pitch, Roll, Yaw A Virtual Surgical Plan Guide for skeletal class III- A Case Series
1338	PCC0004	Crafting Smiles through Biomechanics: The Tale of Friction and Frictionless Mechanics Case Reports
1459	PCC0005	Decision Making and Treatment Modalities in Class II Malocclusion: Evidence-Based Insights into Fixed, Removable, and Surgical Correctors Case Series
567	PCC0006	"Advances in Maxillary Expansion: U-MARPE in Unilateral Cleft Palate Patients".
299	PCC0007	"Moving forward by moving back,"
494	PCC0008	Ortho-surgical management of the impacted mandibular molars with ramus screws.
1366	PCC0009	Inverted Impacted maxillary incisor: A clinicians fear
419	PCC0010	AN IN VITRO ASSESSMENT OF ORTHODONTIC BRACKET BONDING ACCURACY: DIRECT TECHNIQUES WITH AND WITHOUT OPTICAL MAGNIFICATION VERSUS DIGITALLY SIMULATED BONDING.
320	PCC0011	Angles Class II Division 1 Subdivision Right Malocclusion Managed Without Extractions: A Tip-Edge Plus Approach
1139	PCC0012	Evaluation of Genotoxicity of Invisalign and Graphy aligners on the Buccal Mucosa
110	PCC0013	Normal occlusion is still a fundamental of Orthodontic treatment
439	PCC0014	MANAGING DYNAMIC UNSTABLE OCCLUSION IN ORTHODONTIC CAMOUFLAGE TREATMENTS: DIAGNOSTIC AND THERAPEUTIC CONSIDERATIONS
392	PCC0015	Gonial Angle Reduction- The New Frontier

Reg No.	Code	Title
248	PCC0016	"Rethinking Adult Skeletal Class III: Innovative Non-Surgical Treatment strategies Case Reports "
1290	PCC0017	Faulty Cosmetic Smile Designing Treatment - A Quagmire in Orthodontic Re- treatment : Clinical Solutions
361	PCC0018	To determine the effect of micro osteoperforation on the rate of maxillary canine retraction An in vivo study
1230	PCC0019	Paediatric Obstructive Sleep Apnoea: An Orthodontist Perspective
472	PCC0020	Improving Patient Comfort in Orthodontics with Laser Applications
790	PCC0021	FAMILIAL CASES OF WOLF-HIRSCHORN SYNDROME OROFACIAL MANIFESTATIONS AND ORTHODONTIC MANAGMENT
120	PCC0022	Unlocking the Arch: Corrective Expansion and Canine Guidance in Post-Growth Patients Two Clinical Journeys
1005	PCC0023	Complex Smiles, Clear Solutions Aligner biomechanics for challenging tooth movements.
1001	PCC0024	Surgically Assisted Rapid Palatal Expansion in a Post- Traumatic Patient with Oligodontia: A Multidisciplinary Approach
95	PCC0025	MISK -9 MINI IMPLANT SUPPORTED CANINE SPRING
986	PCC0026	Orthodontists ball game : OSA - Growth Modification / MADs / Orthognathic Surgery
950	PCC0027	Management of a case of Skeletal Class I & Dentoalveolar Class II Div 1 in a growing patient with functional appliance as an adjunct.
957	PCC0028	Does functional appliance treatment along with headgear really work? Long term evaluation of a case treated with headgear activator combination.
926	PCC0029	Management of a hyper-divergent anterior open bite with bimaxillary dento-alveolar protrusion by all third molar extractions using a mid-palatal TAD and infra zygomatic, buccal shelf screws- A Case Report
551	PCC0030	Freeing the Fangs: A Game-Changing Approach to Manage Impacted Canines with Infrazygomatic Crest Screws - A CASE SERIES
931	PCC0031	Analysis of Salivary pH Dynamics with PETG, PU, and Polypropylene-Based Clear Aligners: A long - term Clinical Investigation

Reg No.	Code	Title
971	PCC0032	ORTHO-SURGICAL MANAGEMENT OF SKELTAL CLASS III MALOCCLUSION
968	PCC0033	Clinical utility of 3D virtual planning and splint Fabrication in complex orthognathic cases
918	PCC0034	Taming the Tongue and Lips: Functional Orthopedic Interventions to Redirect Craniofacial Growth A Case Series
463	PCC0035	Micro meets Macro: Impact of Bone Screws on Othodontic Outcomes In Complex Cases
959	PCC0036	"Hope for the Hidden: A Journey through Complex Tooth Impactions"
393	PCC0037	LONG-TERM STABILITY OF ORTHO-SURGICAL MANAGEMENT OF SKELETAL CLASS III MALOCCLUSION: A CASE SERIES WITH A FIVE-YEAR FOLLOW-UP
955	PCC0038	EFFICACY OF ULTRASOUND THERAPY FOR ORTHODONTIC PAIN CONTROL- A PILOT CLINICAL TRIAL
54	PCC0039	Shift and Drift: what an orthodontist can gift !
929	PCC0040	Non-surgical and surgical approach for occlusal cant correction: Case reports
746	PCC0041	Mangement of vertical maxillary excess without open bite in a skeletal Class II hyperdivergent patient.
932	PCC0042	COMPARATIVE EVALUATION OF THE RATE OF MAXILLARY CANINE RETRACTION FOLLOWING PIEZOCISION AND MICRO-OSTEOPERFORATION
916	PCC0043	Segmental T-loop supremacy: Navigating severe crowding with biomechanical precision
274	PCC0044	Neuromuscular Orthodontics
873	PCC0045	Missing Dentition: An Orthodontic Quagmire
48	PCC0046	Management of severe high angle and transverse discrepancy with anterior open bite malocclusion in an adult.
1187	PCC0047	Changes In Spine Curvature Evaluating Cepahlometrically After Functional Therapy With Activator
688	PCC0048	Managing Adult Cleft Cases: An Orthodontic Perspective on Camouflage and Surgical Interventions
443	PCC0049	Braces Beyond Aesthetics : Fixed Appliance Therapy in Cleft Lip and Palate Patients
536	PCC0050	Skeletal Class III Camouflage using TADs Overcoming Anatomic Limitations

Reg No.	Code	Title
852	PCR0001	Comparative evaluation of Cephalometric analyses performed using different AI Models and Manual method by Orthodontists
370	PCR0002	A novel method for the prediction of mandibular canine impaction using panoramic radiographs - A prospective study
1661	PCR0003	Occlusal Indices as Predictors of Skeletal Morphology in UCLP: A Comparative Evaluation of GOSLON and Modified Huddart Bodenham Scores
843	PCR0004	Residual Networks for Skeletal Age Assessment: Moving Beyond Conventional CNN Models
697	PCR0005	Assessment of hyoid and tongue position in a mandibular advancement cases treated surgically - A Cephalometric Study
1125	PCR0006	CORRELATION OF BOLTON INDEX WITH ARCH WIDTH IN URBAN POPULATION: A CBCT BASED STUDY
1024	PCR0007	Salivary Alkaline Phosphatase and Cortisol as Non-Invasive Biomarkers for Skeletal Maturity: A Comparative Radiographic Study
1033	PCR0008	Optimizing accuracy of 3D-printed dental models: The role of shell thickness and print orientation
136	PCR0009	When Your Smile Status Predicts Your Systemic Status-Decoding the Silent Link Between Missing Teeth and Hidden Cancers
1031	PCR0010	Glide mode on: The Nano Leap in Orthodontics
1368	PCR0011	When Medications Meet Mechanics: The Impact of PPIs and H2 Blockers on Adult Orthodontics
1365	PCR0012	CO-RELATION BETWEEN FACIAL PATTERN AND MIDPALATAL SUTURE MATURATION - A RADIOGRAPHIC STUDY
1362	PCR0013	Assessment of scanning techniques and print layer heights on the dimensional trueness of three-dimensional printed orthodontic models
1293	PCR0014	A CEPHALOMETRIC AIRWAY ANALYSIS OF DIFFERENT MAXILLARY AND MANDIBULAR SAGITTAL POSITIONS IN MITHILANCHAL POPULATION
1306	PCR0015	PILOT TESTING AND HISTOMORPHOMETRIC EVALUATION OF A NOVEL MINI-IMPLANT SYSTEM (HBN)

Reg No.	Code	Title
50	PCR0016	Preliminary evaluation of continuous ligation technique during levelling and aligning-A Randomised control trial
1020	PCR0017	STRONGER THE SECOND TIME? - COMPARISON OF SHEAR BOND STRENGTH OF VARIOUS IN-OFFICE BRACKET RECYCLING METHODS
462	PCR0018	EVALUATION AND COMPARISON OF ANDREWS ELEMENT II OF ORO-FACIAL HARMONY AS A TREATMENT OBJECTIVE IN PETIENTS TREATED WITH FIXED APPLIANCES AND CLEAR ALIGNERS
1297	PCR0019	Comparative Evaluation of Efficacy of Three Removable Orthodontic Retention Appliances in Maxillary Arch A Prospective Clinical Trial
915	PCR0020	Evaluation of Bisphenol-A release and change in Surface Morphology of Two different Clear Aligner Attachments with various mouthwashes: An in-Vitro Study
636	PCR0021	Micro-osteoperforation as an adjunct tool for reactivation of a preactivated site in accelerating the rate of orthodontic tooth movement - A randomized controlled trial
38	PCR0022	Fast but Not Furious: Accelerated En-masse Retraction with Low-Intensity Laser Therapy
103	PCR0023	A FEM Analysis to Evaluate Efficiency of Midline vs Bilateral Miniscrews with Clear Aligners for Intrusion of Maxillary Anterior.
988	PCR0024	Comparative Evaluation of differential efficacy of Low and High Vibration frequency on tooth movement acceleration: A Randomized Controlled Trial
1119	PCR0025	Understanding the Natural Shape of Dental Arches in Our Population: Why It Matters for Better Orthodontic Results
626	PCR0026	COMPARISON OF EFFECTIVENESS, DURATION AND PATIENTS SATISFACTION OF BOTULINUM TOXIN -A AND HYALURONIC FILLER IN THE TREATMENT OF GUMMY SMILE : AN IN-VIVO STUDY
24	PCR0027	Tonsils, Tongue & Teeth: The unseen Tug-of-War
1036	PCR0028	PCR BASED COMPARATIVE EVALUATION OF MICROBIAL CONTAMINATION BETWEEN ESSIX AND HAWLEY'S RETAINERS
853	PCR0029	Effective usage of smartphones in enhancing oral hygiene compliance in orthodontic patients: a randomized clinical controlled trial
TR4343	PCR0030	Direct 3D-Printed Orthodontic Aligners: Insights into Polymerisation Kinetics and Biocompatibility

Reg No.	Code	Title
2	PCR0031	"Comparative Evaluation of the Accuracy and Reliability of Artificial Intelligence Supported, App - Aided and Manual Cephalometric Analysis for Orthodontic Diagonosis".
425	PCR0032	Investigating the Role of PAX7, SATB2, and BMP4 Gene Variants in Non-Syndromic Cleft Lip and Palate: A Case-Parent Trio Study in Indian Families
960	PCR0033	Fingertips Dont Lie: An Artificial Intelligence-Based Dermatoglyphic Analysis for Predicting Craniofacial Growth Patterns in Different Skeletal Malocclusions.
942	PCR0034	Correlation between the skeletal changes induced by maxillary expansion and protraction with dental parameters, soft tissue dimensions and pharyngeal airway dimensions in pre pubertal patients
956	PCR0035	OrthoVoices India: Align Curriculum-Transform Lives: A Mixed-Method Delphi Study Using Expert Podcast Interviews to introspect Orthodontic Education
952	PCR0036	Comparison of treatment duration and pain perception with K9 spring and Mini-implant supported K-9 spring (MISK-9) for palatally impacted canines: A retrospective study
6	PCR0037	A COMPARATIVE ASSESSMENT OF ORAL HEALTH RELATED QUALITY OF LIFE AND ANXIETY IN PATIENTS UNDERGOING ORTHODONTIC TREATMENT WITH CLEAR ALIGNER THERAPY AND FIXED APPLIANCE
935	PCR0038	PHARYNGEAL AIRWAY ANALYSIS IN DIFFERENT SKELETAL MALOCCLUSIONS IN MIXED INDIAN POPULATION: A CROSS SECTIONAL STUDY ²
772	PCR0039	A COMPARATIVE STUDY OF ARCH WIDTH IN EXTRACTION AND NON-EXTRACTION TREATMENT OF CLASS I AND CLASS II MALOCCLUSION ²
914	PCR0040	Evaluation of skeletal maturation with fractal dimension
922	PCR0041	RADIOGRAPHIC EVALUATION OF CRANIOFACIAL MORPHOLOGICAL FEATURES OF PATIENTS WITH PALATALLY IMPACTED CANINE: A RADIOGRAPHIC STUDY
13	PCR0042	Comparison of the effectiveness of fluoride varnish and fluoride-releasing adhesives in preventing and managing white spot lesions during fixed orthodontic treatment, and evaluation of patient-reported
869	PCR0043	Comparison of used and unused stainless steel and titanium mini-implants for surface and elemental changes after orthodontic treatment
867	PCR0044	EVALUATION OF ALVEOLAR CORTICAL BONE DENSITY IN MIXED INDIAN POPULATION WITH DIFFERENT FACIAL TYPES
19	PCR0045	Comparative Analysis of Reliability and Reproducibility of Four iPhone-Based 3D Facial Scanning Applications against Physical Anthropometric Measurements
1520	PCR0046	Espial of Patients Predilections Regarding Digital And Conventional Impression Techniques: KYC For Patient Centered Orthodontic Care.

Reg No.	Code	Title
407	PCR0047	Revitalizing Enamel: In Vitro Study of Fluoride Nanoparticle-Coated Dental Aligners
913	PCR0048	"Finite Element Analysis of Composite Attachment Designs for Efficient Canine Movement with Clear Aligners"
536	PCR0049	Skeletal Class III Camouflage using TADs Overcoming Anatomic Limitations

Reg No.	Code	Title
541	PCCI0001	LESS TIME, MORE SMILE A CASE BASED INSIGHT WITH NEW GENERATION HYPER ELASTIC ALIGNERS
1465	PCCI0002	From Force to Finesse: An Innovative Intrusion Arch
1396	PCCI0003	Buccally Placed Jig-Supported Molar Distalization with TADs: A Versatile Segmental Approach for Adolescents and Adults
180	PCCI0004	Orthodontic Management of Maxillary Canine First Premolar Complete Transposition Using Transposed Canine Drive Appliance: A Novel Approach.
1077	PCCI0005	Open Coil Placer: An Innovation
1026	PCCI0006	BruxSense: Progressive Development of a Feasible Multi-Sensor Wearable for Acoustic and EMG-Based Monitoring of Sleep Bruxism in Orthodontic Patients
134	PCCI0007	Decoding Obstructive Sleep Apnea (OSA) in Pediatric Patient by Adenotonsillectomy its Hype or Hope?
1121	PCCI0008	Modified S Shape Ring: A Chairside Innovation for Reactivating NiTi Open Coil Springs
1069	PCCI0009	Portable Orthodontic Arch Wire Cutter
513	PCCI0010	A Novel open-source software workflow for Virtual orthognathic-surgical planning and CAD-3D printed splint fabrication for patients with dentofacial deformities.
830	PCCI0011	Aligners , Algorithms & Aesthetics: The Avant-Garde Evolution of Modern Orthodontics
298	PCCI0012	CLIP-ON TEETH: A Clinical technique to position Orthodontic retainer wire.
126	PCCI0013	Root-Crown Ratio: A Novel Method for Measurement of Orthodontic External Apical Root Resorption
319	PCCI0014	Evaluating the Accuracy and Reliability of a Novel Digital Tool for Performing Clinical Orthodontic Measurements and Space Analysis with 2D-Based Arch Visualization on 3D Dental Models
949	PCCI0015	"The VPS Spring- An innovative and efficient biomechanical approach in management of the Maxillary Canine - Premolar Transposition ".

Reg No.	Code	Title
99	PCCI0016	Tongue pressure: An Unsung Component while screening obstructive sleep apnea.
787	PCCI0017	Fusion Align: Where Invisible Orthodontics Meets IZC Excellence
643	PCCI0018	Comparative Evaluation of dentoalveolar distraction device for surgically assisted rapid maxillary canine retraction.
761	PCCI0019	A novel self-retentive obturator: Overcoming feeding challenges in infants with cleft palate
691	PCCI0020	Development and use of PVAS Device (new device) to measure the variation in oro-nasal breathing pressure, volume and airflow velocity in patients with retrognathic mandible.
108	PCCI0021	Breaking the Vertical Barrier: Innovative approach to manage a Class II Open Bite
1431	PCCI0022	REDEFINING MAXILLARY PROTRACTION WITH IMPLANT-ASSISTED ORTHOPEDICS: AN ANCHORING INNOVATION
1262	PCCI0023	GREEN ORTHODONTICS: A NOVEL STRATEGY FOR SUSTAINABLE BIODEGRADATION OF CLEAR ALIGNERS
1261	PCCI0024	Evaluation of Enamel Surface Integrity Adjacent to Orthodontic Aligner Attachments Using a Novel Plant-Derived Remineralising Agent: An In-Vivo Study
TR8776	PCCI0025	Unlocking New Frontiers in Biosafety Evaluation Using Premolar-Derived Stem Cells.
18	PCCI0026	Enhancing the Efficacy of Micro-Osteoperforations (MOPs) to Accelerate Orthodontic Tooth Movement: A Modified Protocol
996	PCCI0027	RATE AND DENTOALVEOLAR CHANGES AFTER MANDIBULAR MOLAR PROTRACTION USING V-BEND MECHANICS
