

PCC – 10

Mastering Cleft Orthodontics –Naso Alveolar Molding(NAM), Alveolar bone grafting and Anterior Maxillary Distraction(AMD) -Hands-on NAM and AMD Device Placement and Activation

Mentors:

Dr S. Murugesan

Dr R. Navaneethan

Dr Remmiya Mary

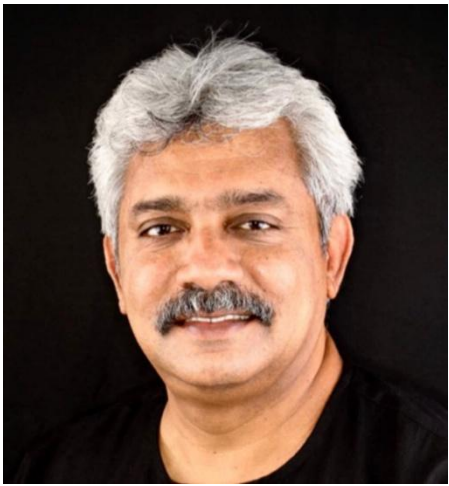

Varghese

Dr Shweta N

Dr Prasanna Aravind TR

- ✓ No. of Participants: 20-25
- ✓ Hands on : YES
- ✓ Regn. Fee LM : 2500/-
SLM : 1500/-
- ✓ Duration: 9.30 am to 4 pm
- ✓ Venue: GITAM

Dr S. Murugesan
Professor
Department of Orthodontics
Saveetha Dental College

Dr R. Navaneethan
Professor
Department of
Orthodontics,
Saveetha Dental College

Dr Remmiya Mary Verghese
Assistant Professor
Department of
Orthodontics,
Saveetha Dental College

Dr Shweta N
Assistant Professor,
Department of
Orthodontics,
Saveetha Dental College

Dr Prasanna Aravind TR
Associate professor,
Department of
Orthodontics,
Saveetha Dental College

LEARNING OBJECTIVES:

1. Understand the full spectrum of cleft care — from neonatal interventions to adult orthognathic corrections.
 2. Recognize the orthodontist's role in interdisciplinary cleft management at every stage.
 3. Develop hands-on expertise in the design and fabrication of NAM appliances.
 4. Surgery demonstration and AMD appliance fabrication and activation
 5. Learn protocols for arch expansion, alveolar bone grafting, distraction osteogenesis, anterior maxillary distraction, and orthognathic surgery in CLP cases.
